*Aim high. Work hard. Be kind.*

21<sup>st</sup> September 2018

Dear Parents, carers, students and families

I hope that you are well.

## Open Evening

I would like to thank in advance for the many students who will be acting as tour guides and helpers on Tuesday's Open Evening. I am sure that yet again we will see record numbers of applications from Year 6 students. As this will be a very tiring evening and to enable preparations to be made, the school will close early on Tuesday 25th September at 1.20 p.m. and students will leave at this time. School will start for all students on Wednesday 26th September at 11.15am. Doors will open at 11.10am and students should go straight to lesson 3.

## Child Safety

Please see below the Factsheet on Child Safety relating to the game Fortnite.

**Child safety on  
Fortnite: parent  
factsheet**

Fortnite is an online video game where players compete to be the last person standing in a post-apocalyptic world. The most popular version is Fortnite: Battle Royale, which sees up to 100 players pitted against each other to stay alive on an island. Players can build and demolish structures, and collect weapons, supplies and armour to help them along the way.

Players shoot each other using a range of lethal weapons, but the brightly-coloured, cartoon-style graphics and lack of bloodshed mean it doesn't feel too gory or graphic.

To play, the age recommendation is **12 and above** due to 'mild violence', although you don't have to provide your age when creating an account, so younger children can still log on easily.

Fortnite: Battle Royale is **free to download** on PC/Mac, Xbox, Playstation, Nintendo Switch and iOS devices (Apple phones and tablets). It's coming to Android soon.

It has about 45 million monthly users worldwide including the England football team, who reportedly played it in their World Cup downtime.

## What are the concerns?

You may have seen news reports or heard concerns raised about the:

- **Communication between players:** a chat function allows players to talk to each other either over a headset and microphone, or using messaging. Children could use it to speak to strangers, or it could put them at risk of cyberbullying
- **In-app purchases:** players can build up large bills on their parents' accounts by buying cosmetic items like outfits for your character and better-looking weapons (otherwise known as 'skins')
- **Addictive nature of the game:** anecdotal stories tell of children staying up all night to play, or falling asleep in lessons after playing for too long. Some commentators attribute this to the communal feel of the game – you can play with your friends – and the game is different every time you play, keeping it fresh

## What safety options are available to parents?

### Use the parental controls on the gaming device

Most devices allow you to **set time limits** on game play, **set age limits** for content, and **restrict in-app purchases**.

Visit the website 'ask about games' for links to detailed instructions on the device your child uses – the site covers Playstation 3, Playstation 4, Xbox 360, Xbox One, Apple and Android phones, and Nintendo Switch.

[www.askaboutgames.com/advice/parental-controls](http://www.askaboutgames.com/advice/parental-controls)

The battles in Fortnite last around 20 minutes. When trying to limit your child's screen time, make the most of this natural stopping point. Set a limit in terms of matches rather than hours and minutes, or set time limits in 20 minute increments.

### Turn off the voice chat feature

Speak to your child to make sure they know this feature exists, and encourage them to use the options below if they encounter someone who is offensive or inappropriate.

You can disable the voice chat function in the game if you:

- Open the settings menu (the 3 lines on the right-hand-side of the screen), then choose the 'cog' icon
- Select the 'audio' tab
- You should be able to turn off 'voice chat' by tapping the arrows next to it

You can also 'mute' individual players in the game by:

- Pausing the game

- Hovering over the player you wish to mute
- Selecting the mute button (a loudspeaker icon)

## Make sure your child knows how to report inappropriate behaviour

You or your child can report players who make them uncomfortable using the in-game feedback tool (located in the main menu).

You can also use the 'support' section of the Epic Games site (the makers of Fortnite). You're asked to select the platform you play the game on, the game mode you're playing, and then you can select 'report player'. You can provide more detail such as the player's name, and attach a screenshot.

## What else can I do?

### Further tips

- Download and play the game to help you understand it
- Talk to your child about what they're doing online, and make sure they know they can talk to you about anything that has upset them
- Check your bank statements and gaming system account balance regularly to look for in-app purchases you're not happy with, and to make sure your child isn't getting around any passwords you've set up
