ACCESSIBILITY PLAN

2017 - 2020

1. Our Vision and Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. Our principles and values which relate to equality and inclusion are:

- Marriotts School wants everyone within our school to feel welcome, valued and included in the school community and we are committed to providing a fully accessible environment to facilitate this
- Our students are provided with high quality learning opportunities so that each child reaches their full potential
- We want all our students to feel confident and have a positive view of themselves
- We want our students with a disability to access all elements of school life, including school clubs, activities and trips. We recognize that we may have to do things a little differently to enable this to happen.
- We are committed to taking positive action in the spirit of the Equality Act 2010, by removing disadvantages faced by students with a disability and eliminating discrimination
- We will ensure that through whole school training, all staff and governors will be aware of our duties to support children with disabilities, in line with the Equality Act 2010
- In implementing our Accessibility Plan, we will take into account the views, wishes and feelings of our students and their families

The plan will be made available online on the school website, and paper copies are available upon request.

Our Accessibility Plan complements and supports the following policies:

- Equality Information and Objectives
- SEND Policy
- Supporting Students with Medical Conditions
- Curriculum statement
- Health and Safety Policy

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

3. Monitoring

Marriotts' School Accessibility Plan covers a three year period but will be reviewed regularly and updated if needed.

The Governing Body will monitor the school's activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility and Schedule 13 regarding Reasonable Adjustments) and will advise upon the compliance with that duty.

Our Accessibility Plan may also be monitored by Ofsted during Inspection.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.
