

KS4/GCSE PRESS RELEASE

Marriotts School is celebrating another great set of results, as a school we are delighted with the amazing outcomes for our students and are so proud of all they have achieved.

Students at Marriotts School celebrating a great set of GCSE results.

With numerous national changes over the past few years, comparisons of attainment are not appropriate and headline progress measures will be unavailable until the official performance tables are released. Whilst we are immensely proud of the whole school performance, in line with other schools across Stevenage, rather than publish any provisional attainment and progress figures, as a school we are instead celebrating the individual success of each and every student.

Acting Headteacher, Ed Hutchings said: *"I am enormously proud of our students' achievement and would like to thank the students themselves, their families and their teachers for their dedication and commitment to Marriotts School. These results are another big step for Marriotts, we are delighted and look forward to welcoming so many of our students back to our sixth form for further study."*

Chair of Governors, Melany Knowles was full of admiration: *"GCSE results day can be a stressful day for all students but once again Marriott's students have surpassed expectations. Our students, with the unwavering support of Marriott's staff can rightly be proud of their successes and use them to access the next stage of their education. Well done to all staff and students at Marriotts."*

Although all our students deserve recognition for their individual achievement, the following students do deserve a special mention:

Our top performing student, Jessica Bailes achieved an average grade of 8.3 including 4 GCSE grades at a grade 9 in Maths, Chemistry, Physics, Biology, and grade 8 in German and History; a truly incredible achievement. She commented: *"I'm over the moon, I'm so happy and excited to be starting my A-Levels. I want to thank all my teachers for their support."* Other outstanding achievements include:

Kai Roberts achieved the highest grade, 9 in English Language, German and History, and continued this outstanding achievement with grade 8's in Biology, Chemistry, English Literature and Maths. He commented, *"I'm really pleased with how I have done and would like to give a huge thank you to my teachers!"*

Grace Carter achieved grade 9's in Biology, Chemistry, and Maths, with a further three grade 8's in French, Physics and Resistant Materials, she commented, *"Thank you to all my teachers because I genuinely couldn't have got these results without their dedication."*

Sahil Pandya was delighted with his grade 9 in Maths and his grades 7 and 8 in Biology, Chemistry, Physics and French, he said, *"Our teachers really appreciate all the effort we put in and not just our results."*

Abbie Clarke achieved grades of 7 or higher in 9 of her subjects, and said, *"I'm very pleased and so proud of myself. Thank you to all my family, friends and teachers for supporting me."*

Grace Carter, Jessica Bailes and Kai Roberts.
